## Do you deliver?

Yes we do. We use a local taxi company to deliver our food/staff/equipment and will add their fee to your quote.

## If I have dietary requirements, are you able to cater?

Please let us know of any dietary requirements and we will do our best to accommodate your request.

Please note that our kitchens are not nut or gluten free so we cannot guarantee that there would not be traces of these in the food.

## How much notice do you need?

We appreciate as much notice as possible but for most orders we would require at least 48 hours. If you need your food for today or the next day please give a call to your nearest shop and we will do our best to fulfil your last minute order.

## How does the food arrive?

Most of our food will arrive ready to serve or will require minimal assembly or heating. Serving instructions will accompany the food and will advise you on allergens and how to serve each dish.

## Do you provide staff?

Yes, we are able to provide serving staff, event managers, barmen, chefs and sous chefs depending on requirements. Please note that at times of high demand and late notice we may not be able to fulfil the request, though of course we will try our best.

## Can I hire equipment for my party?

For smaller events, we can provide our own equipment and platters. For larger events, we use an external service and can organise all the equipment for you.

If you prefer to organise the hire of the equipment yourself, we will talk you through what would be required.

## Do you cater outside of Greater London ?

Unfortunately, we are unable to deliver outside Greater London. If you have a special event outside London, please speak to one of our store managers.
