

These wines are perfect expressions of where they come from. Some grape varieties are rare and unusual; the winemakers even more so. All our wines are low-intervention, thoughtfully vinified to reflect their environment and its traditions, and are selected to match our food.

RIESLING

As a variety, Riesling is revered for its capacity to embody the place in which it is grown. High in natural acidity, its structure supports a range of sweetness, from bone dry to opulently honeyed. We have chosen to showcase three inimitable wines which reflect the character of their vineyards: crisp, refreshing, mineral and, above all, expressive.

These can be enjoyed by the glass, or as a flight of three to experience the diversity of Riesling £20
